Securing Perfect Results
With Perfect Sugar

If there is one thing more than another a housewife likes, it is to have her cooking, cake frostings, home confectations, etc., to turn out "just right." There is always a feeling of pride and satisfaction in securing perfect results in these arts.

Modern housewives have learned the folly of expecting inferior ingredients to produce perfect results in articles of food.

Since sugar is used in practically all cooking, it should have protection against contamination. It should come from clean factories where the strictest rules of sanitation are adhered to.

Utah-Idaho Sugar is made under ideal conditions and is as perfect as sugar can be made. Thousands are enjoying perfect success with its use in cooking and candy making.

Your grocer sells Utah-Idaho Sugar. Buy it by the sack.

A WORD FOR MOTHERS

It is a grave mistake for mothers to neglect their aches and pains and suffer in silence—this only leads to chronic sickness and often shortens life.

If your work is tiring, if your nerves are excited, if you feel languid, weary or depressed, you should know that Scott's Emulsion overcomes just such conditions. It possesses in concentrated form the very elements to invigorate the blood, strengthen the tissues, nourish the nerves and build strength.

Scott's is strengthening thousands of mothers—and will help you. No alcohol. Scott & Bowne, Bloomfield, N. J.
